Simply the Best Storage Solutions for Content Creation

G-Tech offers storage solutions for every level of production, from DVCPRO to 2K and beyond. Walk into any post production facility around the globe and chances are you'll find a G-Tech product at work.

But don't take our word for it...

Mark Pederson
Offhollywood

"We've done hundreds of jobs and every single one passes through a G-Tech product. From G-RAID's to the G-SPEED XL that effortlessly supports our Scratch DI sytsem."

Angus Wall
Rock Paper Scissors

"G-RAID's are really the nervous system of our company. They are flexible and reliable enough for the pounding they get daily from Rock Paper Scissors editors."

Michael Cioni
PlasterCITY Digital Post

"G-Tech plays a monumental role in processing our client's digital movies. G-RAID mini's shuttle dailies, G-RAID2's backup digital negatives and G-SPEED eS's are used by clients for editing."

Dino Georgopoulos
Kosmos IGI

"With over 200 TB of Red Footage shot and archived on G-RAID's in 13 months, I would say these drives are battle tested. I always tell clients G-Tech G-RAID's or nothing!"

G-RAID3
Third generation of the award winning G-RAID product line, now featuring a quad interface with eSATA connectivity, ultra quiet "smart" fan, capacities to 3TB and over 120MB/sec performance!
